FACSIMILE: 602-542-7601

Dear High School Principal:

For more than four decades, Hugh O'Brian Youth Leadership (HOBY) Seminars have contributed to the development of thousands of American leaders. By teaching the principles of responsible leadership and public service, HOBY helps develop leaders for future generations.

In 2004, three Arizona high school students came to my office and shared reflections on their experience at a recent HOBY seminar. I was pleased to learn that their experiences were focused on the principles of democracy, free enterprise, education, volunteerism, communication and critical thinking.

Every high school in Arizona is eligible to send one sophomore representative to the 2006 HOBY Arizona Seminar, which will be held in June at Arizona State University. I know you would agree that this is a tremendous opportunity for your outstanding high school sophomore. Please consider sponsoring a student representative to attend the Seminar. This year HOBY will offer scholarships to students who cannot otherwise afford to attend. For more information on the HOBY Seminar please contact Rebecca Beeman at (480) 889-4284.

Yours very truly,

A handwritten signature in black ink that reads "Janet Napolitano".

Janet Napolitano
Governor
